

# Product Management Coaching Consultation

## Unlock Your Product Management Potential

Join Stephen Dyson for a complimentary coaching session designed to help you identify and overcome innovation challenges, align your team, and accelerate growth.

### What to Expect:

#### 1. Warm Welcome & Context Setting (5 mins)

- Introduction and session goals
- Share your role and current product management challenges
- Learn about Stephen's expertise in product leadership and innovation strategy

#### 2. Assessment of Product Maturity & Challenges (15 mins)

- Explore key areas:
  - Vision clarity and stakeholder alignment
  - Roadmap realism and prioritization
  - Cross-functional team dynamics
  - Execution methodologies (Agile, Waterfall, Hybrid)

#### 3. Coaching Opportunity Identification (10 mins)

- Identify 2–3 leverage points for improvement or acceleration
- Link current challenges to potential strategic shifts or mindset reframes
- Share patterns seen in similar organisations to build context

#### 4. Mini Coaching Moment (15 mins)

- Deep dive into one impactful opportunity
- Receive practical tools and frameworks
- Outline next steps for success

#### 5. Wrap-Up & Recommendations (5 mins)

- Recap insights and strengths
- Access tailored resources
- Discuss options for further coaching or workshops

### Optional Post-Session Summary

- Personalised reflection and roadmap
- Reinforcement of your team's product management strengths
